Public Document No. 43

Massachusetts Elections Statistics 1992

In accordance with the provisions of the Massachusetts General Laws, Chapter 54, Section 133

The Elections Division
Office of Massachusetts
Secretary of State
Michael Joseph Connolly

The Commonwealth of Massachusetts

Office of the Secretary of State
Michael J. Connolly, Secretary

To The Reader:

I am happy to present this publication of election results, which takes advantage of new printing techniques involving computerized type setting and the continued combination of primary and election results on the same page.

In addition to the 1992 presidential primary, state primary and general election results, this book contains combined tables of enrollment, registration, and turnout for each community in the commonwealth.

In terms of background, after the primary and election each community sends the Secretary of States office an official report detailing how many votes were cast for each candidate for each office and every question on the ballot. This publication is then prepared from these reports.

Write-in votes and stickers are consolidated and listed under "all others". Only those candidates who won or made significant impact are listed by name.

I'm always looking for ways to improve how elections are conducted and in the manner results are reported in Massachusetts; including the format of this publication. I'd be happy to have any suggestions you may wish to offer, while hoping that this volume will be of easy use to you.

Sincerely,

MICHAEL J. CONNOLLY
Secretary of State

MJC/cj

TABLE OF CONTENTS

page

General Election Information

4 Local Elections
6 Mayors
7 Cities and Towns and Their Counties
10 Summary of Election Statistics
11 Massachusetts Election Statistics
12 Town Elections — Number of Registered Voters and People who Voted

QUESTION 1

Law Proposed by Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would establish a Health Protection Fund to pay for health programs relating to tobacco use, including distribution of information about tobacco use, to be financed by a new excise tax on cigarettes and smokeless tobacco. The Health Protection Fund would be used, subject to appropriation by the state Legislature, to supplement existing funding for the following purposes: school health education programs including information about the hazards of tobacco use; smoking prevention and smoking cessation programs in the workplace and community; tobacco-related public service advertising; drug education programs; support of prenatal and maternal care at community health centers which provide programs on smoking cessation and information on the harmful effects of smoking; and monitoring by the state Department of Public Health of illness and death associated with tobacco.

The proposed law would establish a new excise tax of one and one-quarter cents per cigarette (twenty-five cents per pack of 20) and twenty-five percent of the wholesale price of smokeless tobacco. This excise would be in addition to the excise already imposed on cigarettes and smokeless tobacco. The new excise would be collected by the state Department of Revenue under the same procedures that apply to the existing tobacco excise.

The proposed law would direct the State Comptroller to report annually on the revenues and expenditures of the Health Protection Fund. The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect. The proposed law would go into effect on January 1, 1993.

QUESTION 2

Law Proposed by Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would require certain banks, insurance companies and publicly-traded corporations to file annual reports with the Massachusetts Secretary of State listing information from their state tax returns, including profit, income, corporate income tax due, deductions, exemptions and credits. These reports would be made public. This provision would apply only to those banks, insurance companies and publicly-traded corporations required by federal and other Massachusetts laws to disclose information concerning their federal tax payments.

The proposed law would also require the annual release by state officials of a detailed analysis of certain tax expenditures enacted or changed after January 1, 1988. State law defines a tax expenditure as an exemption, exclusion, deduction, or credit that results in less corporate, sales, or income tax revenue for the state. This analysis would be required only for tax expenditures with an annual revenue impact of $1,000,000 or more. The analysis would include information on the actual revenue loss, as well as the number and proportion of taxpayers or taxpaying entities benefiting from the tax expenditure, according to income, profit, receipts or sales.

QUESTION 3

Law Proposed by Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would require all packaging used in Massachusetts on or after July 1, 1996 to be reduced in size, reusable, or made of materials that have been or could be recycled. The proposed law would provide for exemptions for health, safety, and other reasons and would establish penalties for violations.

Packaging would have to be either reduced in size by at least 25% every five years; or designed to be reusable at least five times, with at least 50% of such packaging actually being reused; or recycled at a 50% rate; or composed of 25% or more of recycled materials (increasing to 35% on July 1, 1999 and 50% on July 1, 2002); or composed of materials being recycled at an annual rate of 25% (increasing to 35% in 1999 and 50% in 2002). The requirements would apply to any packaging or containers used to protect, store, handle, transport, display, or sell products.

These requirements would not be applicable to tamper-resistant or tamper-evident seals; packaging for medication or medical devices; packaging merely being shipped through the state; packaging required by federal or state health or safety laws or regulations; or flexible film packaging necessary to prevent food from spoiling.

The state Department of Environmental Protection could also grant exemptions for packaging that represents an innovative approach for which additional time is needed to meet the requirements of the law; or packaging made of material that cannot be reused or recycled, and cannot be made of recycled material, but is being composted at a significant rate; or products for which there is no complying packaging and for which compliance with the law would impose undue hardship (other than increased cost) on Massachusetts residents. A person applying for an exemption would pay a fee to be used, subject to legislative appropriation, to pay the cost of administering the proposed law.

The Department would be required to issue regulations to carry out the proposed law and would be required to investigate suspected violations. After issuing a warning, the Department could assess administrative penalties of up to $100 for each offense and up to $10,000 for any single shipment or single continuing act of non-compliance. The state Attorney General could also file court actions for civil penalties of up to $500 for each offense and up to $25,000 for any single shipment or continuing act of non-compliance, and could seek a court order requiring compliance. Each non-complying piece of packaging would be considered a separate offense or act of non-compliance.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

QUESTION 4

Law Proposed by Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would impose an excise tax on oil, toxic chemicals, and other hazardous substances, and would direct that the money raised, along with the fees paid by hazardous waste transporters and specific revenues under other state laws, be deposited in the state Environmental Challenge Fund. Money in the Fund would be used, subject to legislative appropriation, to assess and clean up sites that have been or may be contaminated by oil or hazardous materials, and to carry out and enforce the excise.

As of July 1, 1993, the excise would apply to persons, businesses, and other entities possessing 50,000 pounds or more of oil and toxic chemicals covered by the proposed law. Toxic chemicals would be covered if classified as toxic by the federal Environmental Protection Administration (EPA) under federal law. As of July 1, 1994, substances listed as hazardous by the EPA under federal law would also become subject to the excise.

Until June 30, 1995, the excise would be two-tenths of one cent ($0.002) per pound. In later years, the state Commissioner of Revenue would set the excise rate at a level, not to exceed two-tenths of one cent per pound, sufficient to yield $35 million annually in 1995 dollars.

The excise would not apply to gasoline or other special engine fuels, jet fuel taxed under other state law, numbers 1 or 2 fuel oil, kerosene, animal or vegetable oil, or waste oil classified as hazardous waste under other state law. Nor would the excise apply to oils, toxic chemicals, or hazardous substances merely being shipped through Massachusetts; or contained in a consumer product intended for retail sale; or present in a mixture at a concentration of less than one percent; or present in hazardous waste being transported by a licensed hazardous waste transporter who had paid or will pay a transporter fee under state law; or for which the excise tax has already been paid under the proposed law and which have not been reprocessed or recycled since payment of the excise.

The excise also would not apply to oils, toxic chemicals, or hazardous substances that are possessed by individuals for personal, non-business purposes; or are contained in vehicles or vessels intended to be used for normal purposes; or are produced in Massachusetts as a by-product of pollution control equipment or the clean-up of hazardous materials and are handled in compliance with federal and state environmental laws. Finally, the excise would not apply to toxic chemicals or hazardous substances in a manufactured product the use of which requires a specific shape or design and which does not release toxic substances under normal use.

Under the proposed law, the excise would ordinarily be collected from the first person or business within Massachusetts to come into possession of materials subject to the tax. If that person or business had not paid the excise a later possessor could be required to pay the excise and could then recover a corresponding amount from the first possessor. The proposed law would provide credits for excises paid on materials that become ingredients in the manufacture of other materials subject to the tax, and it would provide credits for similar excises or taxes paid to other states.

Persons possessing more than 25,000 pounds of materials subject to the excise in any six-month period would be required to obtain a license from the Commissioner of Revenue. The Commissioner could issue regulations establishing record-keeping and reporting requirements for persons possessing such materials. The Commissioner would collect the excise through procedures similar to those for other state taxes and could issue regulations to implement the proposed law.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

QUESTION 6

Do you approve of the amendments to the Hampshire County Charter summarized below?

SUMMARY

These proposed amendments to the Hampshire County Charter would:

- Require the county commissioners, promptly after receiving the results of the federal census every ten years, to establish and to inform municipalities of the number of commissioners each municipality shall elect and the weight, according to population, to be given to each commissioner's vote;
- Require that any appointment to the office of county cooperative extension trustee be subject to confirmation by the county commissioners;
- Provide that any person appointed to fill a vacancy in the office of county commissioner would serve only until a replacement takes office after being chosen at the next municipal general election;
- Provide that the county administrator's appointments of persons other than department heads shall be effective when made, without the thirty-day waiting period provided for appointments of department heads; and
- Provide that proposed charter amendments would become effective if approved by a majority of votes cast by the county's voters at a biennial state election held at least ninety days after a vote of the county commissioners to submit the amendments to the voters. A fair summary of the proposed amendments, prepared by the county counsel and approved by the county commissioners, would appear on the ballot.

QUESTION 7

Do you approve of the amendment to the Hampshire County Charter summarized below.

SUMMARY

This proposed amendment to the Hampshire County Charter would impose, effective January 1, 1993, a Regional Services excise of $1.14 per $500 of the value of transactions recorded at the county registry of deeds. The excise would:

- Be paid by the seller and would not apply where the seller was a political subdivision of the Commonwealth;
- Be collected through procedures proposed by the register of deeds and approved by the county commissioners; and
- Be deposited in a separate account, to be appropriated annually by the county commissioners for services including, but not limited to, regional municipal and human services, the University of Massachusetts Cooperative Extension services in the county, and the registry of deeds.

QUESTION 5

Shall the (county manager plan of the County Charter Procedures Act) be adopted for Dukes county, with the provision for a board of commissioners of seven members elected for non-concurrent terms and elected at large, with the previso that no more than two members may be elected and serve from any one town?

SUMMARY OF PROPOSED DUKES COUNTY CHARTER

The proposed charter follows the county manager plan, under which the county would be governed by an elected board of commissioners, a county manager appointed

- Organize the work of county departments subject to the administrative code adopted by the board; supervise, direct and control these departments; review their administration and operation and make appropriate recommendations to the board; and order any agency under the manager's jurisdiction to perform any task for any other agency on a temporary basis if the manager, in his or her discretion, deems it necessary;
- Enforce the county charter and applicable laws, and assure that all terms and conditions imposed in favor of the county or its people in any statute, franchise or other contract are performed;
- Sign contracts, bonds, and other instruments for the county; negotiate contracts for the county, subject to board approval and, where appropriate, advisory board approval; and supervise the care of all county property;
- Appoint the deputy manager, if that position were created by the board, to serve at the manager's pleasure and assist in county administration;
- Appoint the heads of all county departments, heads of divisions within departments, and all other administrative officers and county personnel not otherwise provided for in the charter;
- At the manager's discretion, remove or suspend appointed county officials and employees, subject to the general laws and applicable civil service regulations;
- Serve as a nonvoting member of all appointive bodies in county government;
- Analyze and forecast trends in county services, finances, and programs, and report and recommend thereon to the board, including recommendations concerning county improvements; and
- Report annually to the commissioners, the advisory board on county expenditures, and the people on the state of the county, the work of the previous year, and any recommendations for the improvement of the welfare of the county and its residents.

The Board of Commissioners

The board of commissioners would exercise the legislative power of the county. Each January the board would select a chairman and a vice-chairman from among its members. The county manager could participate in all board meetings but could not vote.

The board would exercise its power by ordinance, except that the board could by resolution do the following:

- Approve contracts presented by the county manager; establish county personnel policies; elect, appoint, and remove officers and employees where permitted by law; express disapproval of the suspension or dismissal of other officers or employees; adopt rules for the board and its meetings; establish board committees; express board policies or opinions; conduct investigations; declare emergencies; and establish a municipal advisory council.

The board would have the power and the duty to:

- Appoint the county manager and could create the office of deputy manager;

by the board, and such other officers and employees as might be appointed pursuant to law. The charter would not diminish the powers and duties of cities and towns to legislate for the general health, safety, and welfare of their residents, or require cities and towns without their consent to use county services or facilities.

The County Government

The county government would have the power, subject to the provisions of general law and the state constitution, to:

- Organize its internal affairs and structure, including, with the exception of judicial or penal matters and the registry of deeds, the power to abolish or consolidate agencies previously required by general law, but any such action that changed the county's obligation to provide services previously supplied would require prior approval by the Legislature.
- Create and abolish agencies, offices, and positions, and establish the powers, duties, qualifications, compensations, and manner of appointment and removal of officials and employees;
- Adopt, amend, enforce, and repeal ordinances and resolutions; construct, acquire, operate, and maintain public improvements, projects or other enterprises for public purposes; sue and be sued; enter contracts; buy, sell, lease, hold and dispose of property; appropriate and spend money for county purposes; and exercise powers or eminent domain, borrowing and taxation only as provided by general law.

The County Manager

The county manager would:

- Serve as the full-time chief executive of the county;
- Be appointed by a majority vote of the board of commissioners for an indefinite term and be paid a reasonable salary, fixed by the board and not subject to reduction while the manager remains in office;
- Be required to reside in the county after appointment, unless permitted otherwise by the board; and
- Be subject to removal by a majority vote of the board after written notice of charges or complaints followed by a public hearing, and could be replaced in case of physical or mental incapacity.

The county manager would have the power and duty to:

- Propose to the board an annual operating budget and a capital budget, and supervise and administer all phases of the budgetary process, including such centralized personnel and purchasing procedures as may be authorized and including an examination of the records and operations of any county agency;
- Oversee the county treasurer's collection of revenues, control of expenditures and complete accounting for all expenditures;
- Appoint a clerk to the board, to serve at the pleasure of the board or for such term (up to three years) as the board may provide;
- Appoint a county counsel to head the county's legal department; the counsel would serve at the pleasure of the board or for such a term (up to three years) as the county administrative code may provide, and the code could also establish a term (up to three years) for the position of assistant county counsel;
- Appoint members of all boards and commissions and other bodies whose manner of appointment is not otherwise specified in the charter;
- Approve annual operating and capital budgets, prior to presenting them for advisory board appropriation; and
- Pass those ordinances and resolutions deemed necessary and proper for the good governance of the county.

Relationship of the County Manager to the Board of Commissioners

The board would deal with matters involving county employees, administration, or services only through the county manager, except as otherwise provided in the charter. The charter would not prohibit a board inquiry into any act or problem of the county administration if relevant to the board's legislative powers.

Any commissioner could require a report on an aspect of county government at any time by making a written request to the county manager. The board could, by majority vote, delegate members to consult with the county manager to study any matter, and by like vote could require the county manager to appear before the board with such county records, reports, officials, and employees as the board deems necessary.

No member(s) of the board could seek to influence the county manager to appoint, promote, or dismiss any person to or from any county position, except that the board could prevent the suspension or dismissal of officials and employees by a two-thirds vote of its membership after a public hearing.
